Telugu
Native

English
Proficient

SKILLS:

Designing: Figma AI, Figma, Adobe Illustrator, Adobe Photoshop, Adobe XD, Canva, Wireframing.

Soft Skills: Problem Solving, Leadership, Time Management, Adaptability.

Developing: HTML, CSS, Bootstrap, JavaScript, WordPress.

PROJECTS:

Google Play Store App Redesign

Personal UI/UX Project

- Redesigned the Google Play Store app's user interface to enhance visual appeal and improve layout clarity, maintaining existing features and functionality. Created polished prototypes using Figma, following Material Design guidelines.

PocketDocs – Document Vault App (Designed from Scratch)

- PocketDocs is a secure document vault app fully designed from scratch, including logo, branding, and UI/UX. Built using Figma, the app offers cloud backup, offline access, and dark mode. It focuses on clean, modern design and easy usability, serving as a user-friendly alternative to DigiLocker.

Responsive Tourism Web Page

- Built a responsive tourism website using HTML, CSS, and Bootstrap, featuring a homepage, favorite places list, and detailed views with image carousels. Focused on clean layout, interactivity, and mobile-friendly design.
